Check out specialist websites for your sector. Keep your search flexible. Don ' t often use the same ...

Careers in engineering - A beginner ' s guide | The Engineer -

Introduction. One of the projects in my Flatiron Data Science program was to take a popular housing sales data set for King County, WA, and use it to gather insights and create a linear regression model. While there was plenty of data you would expect to find, such as prices, bedrooms, bathrooms, and so on, for the EDA portion of the project, I found this data to be boring and uninspiring.
