Suitable for all business majors, the text encourages students to learn how marketing managers work across business functions for effective corporate performance on a global basis and achievement of overall corporate goals. Global Marketing Management brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

The recognition of the three roles helps dispel the notion that "there is no.

"Globalization is the growing interdependence of national economies - involving primarily customers, producers, suppliers and governments in different markets. Global marketing therefore reflects the trend of firms selling and distributing products and services in many countries around the world"-.
