The first and only monograph available on the subject, *The Roman City and its Periphery* offers a full and detailed treatment of the little-investigated aspect of Roman urbanism – the phenomenon of suburban development. Presenting archaeological and literary evidence alongside sixty-three plans of cities, building plans, and photographs, Penelope Goodman examines how and why Roman suburbs grew up outside Roman cities, what was distinctive about

the nature of suburban development, and what contributions buildings and activities in the suburbs might make to the character and function of the city as a whole. With full bibliography and annotations throughout, this will not only provide a coherent treatment of an essential theme for students of Roman urbanism, but archaeologists, urban planners and geographers also, will have an excellent comparative tool in the study of modern urbanism.

Logoism is an inspirational reference for contemporary logo design, a guide to the latest innovations as well as a precursor to coming trends. Over 1,500 cutting-edge logos were selected and divided into six groups based on their styles and characters - symbol, type, symbol and type, form, ensemble, and retro. Whether they consist purely of symbols or /and letters, apply retro aesthetics or vintage styles, were designed with multiple variations or draw inspiration from geometric structures, all are brilliant examples of the form from designers around the globe.
